**The following back to
school dental tips will
prove to be instrumental
in your child's overall
health:**

- 1-Brush at least twice a day.
- 2- FLOSS FLOSS FLOSS
- 3-Pack healthy snack in the
lunch box
- 4- Regular dental checkups
are vital. Be sure to schedule
examinations for tooth decay
prevention.
- 5-While studying, do not sip
on caffeinated sodas or

energy drinks full of sugar.

6- Have your child outfitted for a well-fitting
custom made mouth guard. For many
children, a new school year means the start of
sports and other physical activities. A well-
fitting mouth guard will protect their teeth
from a painful injury.

**Good luck and remember-
you only have to brush and floss the
teeth you WANT to keep!**
