INSURANCE

Please familiarize yourself with your benefit maximums, limitations, waiting periods and out of network allowances. There are hundreds of insurance companies and several different plans within these companies. It is impossible for us to know the details of each patient’s benefits.

DENTAL ASSURANCE PLAN

We’ve had several patients take advantage of our in house dental assurance plan. It is a money saving option for those of you without dental insurance. Call the office for an enrollment form.

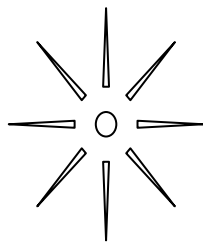

Can’t find the time or money to schedule that one surface filling? Just remember that the decay won’t go away! The situation will only get worse if left untreated.

Link May Exist Between Oral Health and Rheumatoid Arthritis

According to an article written in Dentistry Today, poor oral health may cause rheumatoid arthritis, based on a new study.

Researchers from the University of Louisville determined that poor oral health can raise the risk of rheumatoid arthritis based on the presence of an enzyme that is around when a person has gum disease. This enzyme, called peptidylarginine deiminase, has also been associated with rheumatoid arthritis.
